

Our DRESS CODE

- ★ Long hair must be properly secured away from the face and neck for all styles of dance.
- ★ Jewelry must not be loose or dangling.
- ★ Gum chewing is not allowed due to danger of choking and appearance.
- ★ No loose-fitting pants, no blue jeans or t-shirts (they are not dance attire).
- ★ No costumes are allowed in class unless a dress up day is announced by the individual teacher.

The Importance of a Dress Code for Preschool Dancers

1. The simple leotard, tights, and tutu outfits make it possible for the instructors to see the dancer's bodies so they can make the proper corrections.
2. Like Karate the different colors represent growth to the next level of dance which give dancers a goal they can strive to attain.
3. Young dancers are often distracted by their own dancewear. Large skirts and/or tutus become the dancer's focus instead of the instructor.
4. Learning to dance and work together as a team can be more easily achieved by removing the distraction of different dancewear.
5. Instructors are able to choreograph dances more effectively when the dancers are dressed the same.

Dance Ages 2.5-5
